34: Del Re--29-30 U-4 (no date) No Date Formosan Aborigines
116, 586, 595, 562, 831, 183 Yami

"The Yami are strictly monogamous in so far as they may only have one wife at a time. Divorce, however, is easy and merely determined by the wish of the party concerned, nor does it carry any stigma for the woman who, in this respect, has equal rights with the man. There are among the islanders women who have been divorced as [30] many as fifteen times. Contrary to what might be thought, this does not lead to laxity of morals. The level of morality in this tribe is very high notwithstanding, or perhaps because of, the conspicuous absence of any sense of moral or social guilt attached to sexual intercourse."
